

## STRING FIGURES

### Common Values and Ethics

- \* We promote feminist economic values to give value to all types of labour & exchange, challenging the dominant capitalist value system
- \* Our feminism is transgender and non-binary inclusive
- \* Openness, collaboration, empathy and mutual respect are central to our work.
- \* We will work in co-operation; with honesty, fairness and care for each other
- \* We gain strength from diversity and actively invite participation from everyone who enhances it
- \* We encourage cross-cultural connections and will actively counteract negative attitudes
- \* All criticism will be constructive and supportive

### Aims and Intentions

- \* We aim to build a network to serve our communities, both geographical and communities of practice
- \* We aim to re-distribute resources and dissolve hierarchy wherever possible
- \* We aim to use non-exploitative technologies and FLOSS (Free/Libre and Open Source Software) non-profit models whenever possible
- \* We aim to build the technical and social systems and networks of a new inclusive future
- \* We aim to abolish the harmful institutions and structures that threaten people's survival and build new ones fit for purpose
- \* We aim to create a reciprocal system where sharing of resources is proportionate to member's wealth and/or privilege
- \* Active contribution means offering something of value to others in the network
- \* We will use our networks to build trust, co-operation, strengthening anti-capitalist and anti-racist connections
- \* We will hold power to account
- \* We will work for environmental, social and racial justice
- \* We will actively care for all people and our planet
